Dear Mr. Read,

Simon Lau: 972/PR/0217/01

We publish Mr. Lau's books Masters Kung Fu and Traditional Kung Fu and he's had a relationship with this company over several years. I have known him for 2 years and have met him on several occasions..

He has been most efficient, reliable, courteous and punctillious in all my business dealings with him and I would characterise him as a mature and serious person. I would certainly continue to publish books by him and such information as I have would indicate that he runs his own businesses in a professional and, I imagine, profitable manner. He is the leading exponent of the martial art of Kung Fu in this country.

Yours sincerely,

Roger Houghton.
